

## JPP Layers - Weekly Pen Log (Simple)

Use ONE sheet per pen/coop per week. Fill by ticking and writing numbers only.

Feed unit = your container (e.g., 1 tin/cup/bucket). Keep the same unit every day.

Pen/Coop:

Week ending (Sun):

Feed unit name:

Unit weight (kg) (optional):

Item	Mon	Tue	Wed	Thu	Fri	Sat	Sun
Alive (count)							
Dead today (count)							
Eggs collected (count)							
Cracked/broken eggs (count)							
Feed used (units)							
Water refills (count)							
Water OK	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Feed OK	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Cleaned drinkers/feeders	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Problem code (OK / SICK / PRED / NOFEED / NOWATER)							

**Weekly totals (you can leave blank if hard):**

Total eggs:  Total deaths:  Total feed units:

Notes (optional):

*Tip: If problem != OK, send a photo/video on WhatsApp the same day.*

# WhatsApp Daily Report (Layers) - Voice Note Script

Every evening, send ONE WhatsApp voice note per pen/coop in this exact order.  
Say numbers clearly. No long talk.

**Say:**

- 1) Date
- 2) Pen name
- 3) Alive
- 4) Dead today
- 5) Eggs collected
- 6) Cracked eggs
- 7) Feed used (units)
- 8) Problem code: OK / SICK / PRED / NOFEED / NOWATER

**Example voice note:**

“12 Jan - Pen A - alive 48 - dead 0 - eggs 31 - cracked 1 - feed 3 units - problem OK.”

**Send photo/video only when:**

- Dead today > 0 (photo of the bird)
- Problem code not OK (10-second video of birds + coop area)
- Once per week: photo of feed bag + your feed container
